DOMINIK RIVOIR

PhD Student in Computer Vision for Computer-assisted Surgery working on Video Understanding and Neural Rendering for Surgical Applications.

@ dominik.rivoir@nct-dresden.de | https://scholar.google.de/citations?user=MBADUf0AAAAJ | @DominikRivoir | gitlab.com/dmri
Dresden, Germany

RESEARCH INTERESTS & PROJECTS

Unsupervised Neural Rendering for Video Synthesis

- Goal: Rendering realistic, view-consistent and diverse video sequences from simulated surgical scenes in unpaired/unsupervised learning settings.

Neural Textures | Unpaired Image Translation | View-consistency

ICCV publication [1] </> Public code [a,b] Public synthetic dataset [c]

Part of *"Best of ICCV"* selection in *Computer Vision News* [d]

Surgical Workflow Understanding

- Goal: Investigating challenges of learning from long videos for surgical workflow understanding.
- Previous projects: sparse event anticipation [2], unsupervised learning [3], active learning [4]
- Current project: Pitfalls of BatchNorm for end-to-end video learning [5].

End-to-end | BatchNorm | Sparse Events | Small Data

3 publications [2,3,4] </> Public code [e] 2 awards [h,i]

EDUCATION & ACTIVITIES

PhD Student

National Center for Tumor Diseases (NCT)

June 2019 – ongoing, full-time | Dresden, Germany

- Advisor: **Prof. Dr. Stefanie Speidel**
- Topic: "**Challenges of Video Learning for Robot-assisted Surgery**"
- Focus: Neural Rendering | Video Understanding
- Published at: ICCV | MICCAI | IPCAI | MICCAI workshop
- Reviewed for: CVPR | ICCV | ECCV | MedIA | MICCAI | IPCAI | ...

Diploma in Computer Science (equiv. to M.Sc.)

TU Dresden | **GPA: 1.0** | **Awarded Best CS Graduate**

Oct 2013 – Apr 2019 | Dresden, Germany

- Focus: Machine Learning | CS Theory | Databases
- Thesis: "**Learning Representations for RSD Prediction through Unsupervised Temporal Video Segmentation**"
- Condensed thesis published as [3].

Student Computer Vision Developer

T-Systems Multimedia Solutions

Apr 2017 – Mar 2018, part-time | Dresden, Germany

Semester Abroad

Boston University

Aug 2016 – Dec 2016 | Boston, MA, USA

Volunteer Support Worker for People with Learning Disabilities

Norwood Ravenswood Village

Jul 2012 – Jun 2013, full-time | Crowthrone, UK

AWARDS

Outstanding Reviewer Award 2022
at MICCAI 2022
(12 out of 1242 awarded) [f]

Best Reviewer Award 2022
at IPCAI 2022
(2 out of >100 awarded) [g]

Best Paper Award 2019
at MICCAI 2019 workshop "OR 2.0"
for *"Unsupervised temporal video segmentation as an auxiliary task for predicting the remaining surgery duration"* [h]

Best Paper Award (2nd author) 2019
at IPCAI 2019 for *"Active learning using deep Bayesian networks for surgical workflow analysis"* [i]

Lohrmann Medal 2019
as best graduate of TU Dresden's Computer Science department [j]

SKILLS

Machine Learning

- pytorch, tensorboard, opencv (very good)
- numpy, sklearn, pandas, matplotlib (very good)
- tensorflow, keras (basic)

Programming Languages

- Python (very good)
- C++, Java (good)
- Rust, SQL, OWL, Cypher, Prolog (basic)

Other Technologies

- Git, LaTeX, Blender, kivy

LANGUAGES

English — 2 years in USA '99–'01, 1 year in UK '12–'13, 4 months in USA '16, TOEFL iBT score: 114/120

German — Native

OTHER INTERESTS

Baseball | Arthouse Cinema | Guitar
